## Description

The Formula Performance Cruiser lineup offers a great blend of performance and comfort, with the quality reputation that Formula has earned over decades of production.

The cockpit is spacious and excellent for entertaining, with cockpit seating and an aft galley station featuring a fridge, countertop, and sink. The helm has comfortable and functional seating for the captain, with a plotter and radar at your fingertips.

The MerCruiser 496 Mag engines coupled with the Bravo III duo-prop drives propel the boat to 40+ mph speeds, and have outstanding dock manners with the Bravo III drives. Combine that with the thruster, and docking is a breeze.

The cabin is also spacious, with a full galley, enclosed head, forward birth and aft cabin.

The boat is available for showing by appointment at Haulover Marine Center.
