Description

Video on the Way!

The Mystic M3800 is one of the premier luxury/performance center consoles on the market today. Built from a racing pedigree, the hi-tech laminate structure and premium epoxy construction give the boat a solid feel, and the hull design provides exceptional performance and great handling.

The M3800 is a "dry" boat in sloppy water, and the wind doors control the blast of air to the aft cockpit while underway.

This quad powered M3800 features the Mercury Racing 300R package, and is capable of upper 70 mph performance on command with a lot more in reserve...

The boat has 285 hours and the 300-hour service was just completed as well.

This boat is loaded - Check out these features:

Quad Mercury Racing 300R's – painted to match
Cockpit upholstery in Sileather material
Shore power system – 30 amp – with house and starter battery chargers
Cabin AC
Inverter System with additional batteries to run AC
