Description

New Photos and Video on the way!

Hydra Sport is known for building tough hard-core fishing machines that offer a great ride and features desired by tournament and recreational fishermen alike.

From the efficient 23 degree hull, to the cockpit features, and exceptional range, the 2900 can get you to where the fish are whether that's the far offshore, down to the keys, out to the Bahamas, or in the bay.

This boat is receiving a new radar unit, and a second matching Garmin MDF.

Well maintained, and in great shape, this boat is ready to hit the water.

- Shore Power Inlet

Electronics

- Depthsounder
- Radar: Being Added
- Radio
- Compass
- GPS: Twin Garmin MDF - Second Display Being Added
- Cockpit Speakers
- VHF

Inside Equipment

- Electric Bilge Pump
- Marine Head
- Battery Charger

Outside Equipment/Extras

- Swimming Ladder

Powerboat Guide

Hydra-Sports got it right with the Vector 2900 VX (called the Vector 3000 Express in 2011–12), a top-tier cruiser with the speed and range to reach distant fishing spots in comfort and security. Like all late-model Hydra-Sports boats, the 2900 VX rides on a solid fiberglass (and Kevlar-reinforced) hull with moderate beam and a fully integrated transom. More fishboat than cruiser, the roomy cockpit includes a foldaway rear seat, 35-gallon livewell, insulated fish boxes, bait prep station, and padded bolsters. The portside lounge seat on the bridge deck converts to sun pad, and there's space at the helm for flush-mounting two (small) video displays. Note the tackle box under the helm seat. Below deck, the well-finished interior of the 2900 VX includes a compact galley with microwave and refrigerator, enclosed head with sink and hand-held shower, and a convertible dinette forward with flip-up backrests—berths for six in a 29-foot boat! The teak-and-holly cabin sole is a nice touch, and so are the pop-up deck cleats. A walk-through windshield provides secure foredeck access. Twin Yamaha 250s reach 45+ knots top.

Manufacturer Description

Twin fuel tanks give the 2900 CC the range to hit the Bahamas, the outer banks of North Carolina and far deeper than the competition. And because you can get there and back faster, time allows for hauling in and making it back before weigh-in. If you're looking for a serious center console with the fishability to match performance, you are looking at the 2900CC: an option that is as tough to ignore as it is made.
