## Description

More Detailed Pics and Video on the way!

This 42 Lightning is powered with a pair of Staggered 525 Mercury Racing engines coupled to Bravo XR drives. Super reliable power, great performance in all water conditions, and the flagship of the Fountain sportboat line-up.

The top ends of the motors were just done (22-hours ago). Photos of the engine hours from the computers are included in the gallery (444 total run-time hours)

The interior is fresh but is awaiting a couple new skins from Fountain.

Triple axle trailer is included!

- Computer: SmartCraft
- Depthsounder
- Log-Speedometer: Livorsi
- Radio
- VHF

## Inside Equipment

- Electric Bilge Pump
- Electric Head

## Outside Equipment/Extras

- Swimming Ladder

## Factory Details

Fountain Mercury's 42 Lightning has won more races than any other V-bottom in history and currently holds the UIM/APBA/SBI World Speed Record at 171.883 mph. The staggered engine set-up brings the propellers closer together, keeping the center of gravity down low, along the keel, where it works best. With Mercury 525 EFI engines, the 42 Lightning can hit speeds approaching 85mph. Raise the bar with the Mercury 1075s and expect speeds in excess of 125mph. The spacious cabin design features an enclosed head, overnight sleeping accommodations, and a galley with an integrated cooler and pressurized sink. Extras include an integrated anchor locker with anchor, drop-down bolster seats, a full-frame wraparound windshield and an optional Bimini top with front and side enclosures.
